§5–505.

- (a) To the extent relevant to State planning, the Department shall study:
 - (1) the resources of the State;
 - (2) existing and emerging problems of agriculture, commerce, housing, industry, local government, population, public service, and transportation; and
 - (3) related matters affecting the development of the State.
- (b) In making the studies, the Department shall seek the cooperation of appropriate:
 - (1) governmental units;
 - (2) regional planning commissions;
 - (3) public or private educational institutions;
 - (4) public or private research organizations;
 - (5) civic groups; and
 - (6) interested persons.
